SMART PERFORMANCE,
SMART DRINKS.

LA CIMBALI

HELLO!
I'M S15

LaCimbali's experience has resulted in the S15, the compact super-automatic boasting agile, intuitive technology that allows it to also be used by people without barista experience.

Offering a menu with a wide variety of choice and endless ways to satisfy the tastes of a diverse customer base, S15 is perfect for offices, hotels and small businesses such as mini-markets, bakeries and quick service restaurants.

Although it offers many combinations and involves numerous variables, Cimbali S15 always produces the same result: the satisfaction of shopkeepers and customers.

THE SUPER-AUTOMATIC WITH
INFINITE QUALITIES

User experience

7" touchscreen display with intuitive interface that makes it easy to customise your favourite drinks with names, icons and backgrounds for each selection.

Soluble hopper

It can also be divided in two so that two different powders can be used at the same time.

Automatic washing system

The washing cycle of all the machine circuits at the end of the day is fully automatic.

Milk & Chocolate technology
It includes an integrated system for powdered chocolate, plus the circuit for making recipes with frothed hot milk. Both are equipped with an automatic washing system.

Smart Boiler
Makes it possible to maintain constant pressure in the boiler, ensuring maximum steam production and energy savings.

New coffee group
Compact and easy to handle, it is available with two different diameters

Connectivity
Integrated Wi-Fi system with two-way telemetry, USB port and touchless interaction with the machine via the Cup4You app.

Performance
Up to 150 cups per day with the same LaCimbali quality.

Compact design
W x D x H: 350 x 605 x 715 mm: in other words, handy, practical and perfect for any type of position.

S15

CONNECTED AND SMART

S15 incorporates **IOT (Internet of Things)** technology that allows devices to communicate with each other or with users via Wi-Fi connection. This capability allows you to monitor the machine's efficiency, effectively manage its maintenance and offer a better service.

Furthermore, thanks to the **Cup4You app** you can interact with the machine from your tablet or smartphone, customising your drinks.

Cup4You in 4 steps:
• Download CUP4YOU available for Apple and Android.
• Associate your smartphone or tablet with the machine using the QR Code.
• Select and customise your drink.
• Get the drink that you created.

Cup**4**You

LaCimbali aims to expand the product range of the new S15 machine with a self-service version, offering an innovative Plug&Play solution for the office segment.

Connection to water tank module without connection to the water mains

Motorised spout

Integrated drip tray for a Plug&Play solution

Integrated Wi-Fi

Group modes for a better user experience

'No coffee' photocells as standard, 'no milk' as standard, glass presence sensor and cup positioner for a complete self-service solution

Hoppers with safety locks

Connection to the Cup4You app for touchless interaction and drink customisation

All the advantages of bi-directional telemetry thanks to the module

THERE IS AN S15 FOR EVERY NEED

Quick and intuitive for **hotel guests**

Light and compact in **every office**

Perfect for self-service in **mini-markets**

Versatile and fast for **cafés**, **bakeries** and **quick service restaurants**
